

A robust and reliable performer.

Introducing the high-speed and high-volume **Kodak 6900 Photo Printer**, the only thermal printer in today's market that delivers patented thermal panoramic print technology. Built to last, the 6900 model is based on the well-received 6850 model and upgraded to improve its robust functionality.

Delight your customers with speed and efficiency.

- Create 4x6" print sizes in just 8.7 seconds, picture capacity is up to 750 for 4x6" prints.

Customers can now print new sizes, increasing profit potential.

- In addition to standard print sizes, the 6900 Printer also provides premium print sizes, such as panoramic and mini prints.

Increased usability and convenience empowers customers to expand printing applications.

- The latest design includes a lighter, smaller footprint.
- The front load feature enables ease of printer handling and serviceability.
- Ideal for use by retailers, photographers, photo studios, event imaging, and photo booths.

Customers can now choose between two modes for increased efficiency.

- High-quality mode prints beautiful high-quality gloss and or matte prints, and standard mode prints standard quality prints at a fast pace (8.7 seconds for 4x6").

New media offers high-quality gloss and matte surface finishes.

- The high-quality 6900 media is backward compatible for the **Kodak Photo Printer 6850** and **Kodak 605 Photo Printer**.

Expand your offerings to borderless 5" print sizes.

- The optional **Kodak 6900 Photo Printer Conversion Kit/5R** consists of two flanges and paired with the **Kodak Photo Print Kit 6900/6800/5R**, the 6900 Printer is capable of printing borderless 5" print sizes.
